PRODUCTS***

RHINOMOTIVE®

THE WORLD'S HIGHEST QUALITY AUTOMOTIVE PRODUCTS

The most premium products coming from Top
Factories around the world.

RHINOMOTIVE®

***A NEW
BRAND
BORN IN
THE UK***

RHINOMOTIVE®

RHINOMOTIVE PRODUCT CERTIFICATIONS

1. The TÜV is the world's largest independent and officially recognized body who are responsible in Germany for the technical control, checking and testing of all sorts of things. If a product has been tried, tested and finally issued with a TÜV Certificate, then it is in very high recognition of that product and practically with a quality guarantee.

ALL RHINOMOTIVE MECHANICAL RANGE ARE TÜV CERTIFIED.

2. ISO 9001:2015: Being ISO certified for RHINOMOTIVE products ensures continuous improvement of all parts and production processes, open and transparent communication, parts that are always of high quality.

3. FFP2: Filtration 94% minimum (same as N95)

RHINOMOTIVE Dust Masks have a real filter, these masks provide protection to technicians who work in dusty environments or with aerosols, these masks are made of strong pressed cellulose with a filter element and an exhalation Valve.
